

Intel Car Show
Wednesday, August 18
Who says there isn't "A FREE LUNCH"

By Tom Oda

Intel is holding their 5th annual informal (non-judged) car show on August 18th. Over the years, it has expanded from employee cars to include the Arcane Auto Society and for the 2nd year, cars from JAG are being invited to attend. Last year, there were about 80 cars of various makes. From vintage Ferraris, Mercedes, Jaguars to muscle cars and hot rods, from show cars to drivers, the show seems to attract a wide spectrum of cars. It runs from 11:00-1:30, costs nothing and participants get a gift and free lunch! What a way to spend the lunch hour! Let's have another good showing of Jags this year. Location is at Intel headquarters, 2200 Mis-

sion College Blvd, Santa Clara. If you plan to attend, please contact Tom Oda @ todayxyz@yahoo.com and indicate how many people and what type of car you will bring by August 10th.

Directions: From Hwy 101 take Montague Expressway Exit to the east. First light is Mission College Blvd where you turn left. Go two lights to Juliette Lane and turn left. Turn left in to the first driveway and follow signs to the car show area which will be on the right, between the garage and office building.

From San Francisco on Hwy 280 take Hwy 85 north and then go south on Hwy 101 to Montague Expressway and follow above directions.

Editor's Note: We had a great time at this affair last year and quite a number of JAG members assisted Tom with his program to have Jaguars the stars of the show. See you there!

Since 1987, **Exclusive British European** has been providing the finest service available for your Land Rover or Jaguar.

At our new, larger location we offer:

- ◆ Factory-trained technicians.
- ◆ Comprehensive computer diagnostic system for Jaguars and Land Rovers.
- ◆ All repairs from factory recommended service to complete engine overhauls.
- ◆ Rental cars.

We buy Land Rover and Jaguar cars—running or not. We also service the oldest of British cars: Jaguars, MGs, Triumph—from minor to major repairs.

Why not experience the difference?
